

As we approach the end of another turbulent year in Haiti, it is only by the grace of God that we have remained steadfast despite many moments of distress, fear and even despair. Gang violence, food and gas shortages, dangerous travel and near constant instability forced us to move our school to another temporary location. In fact, many families fled the area after homes were burned, lives threatened, and livelihoods destroyed.

As one of the very few missions that have stayed to work in Haiti, we have welcomed students from other schools into ours, continued to purchase and distribute food, and supported several of our former students and orphanage kids with business grants and college and vocational training.

Though we face severe budget deficits, we have prayerfully chosen to move ahead with what we believe God has called us to do: share the love of Jesus through providing education, food, and other resources, trusting God to multiply what is sacrificially given. Because of your prayers and support, here are just a few of the challenges met by the House of Hope this year so far:

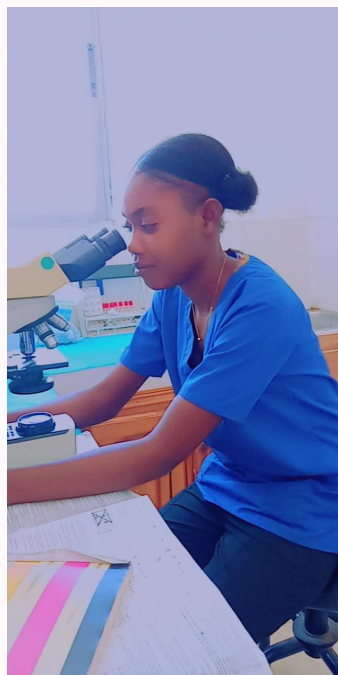

- ♦ Operated our K-13 school and supported two mountain schools, offering free or almost free Christian education to hundreds of students, and books, uniforms, shoes and tuition costs to over 90 scholarship students
- ♦ Provided tuition, books, uniforms and supplies to former orphanage students and funded 12 graduates to attend college/vocational school or to start businesses.
- ♦ Purchased and distributed almost \$30,000 worth of food to needy families.
- ♦ Built our third spring box water collection system in the mountains.
- ♦ Provided housing assistance to families displaced by violence.
- ♦ Shared the gospel of Jesus Christ through words and actions!

"Fear not, for behold, I bring you good news of great joy that will be for all the people. For unto you is born this day in the city of David a Savior, who is Christ the Lord. And this will be a sign for you: you will find a Baby wrapped in swaddling cloths and lying in a manger."

Luke 2:11-12

Clockwise from top left: a student bows her head during morning prayers, kindergarten students dress up, displaced students from area schools join our classes, scholarship students show off school books purchased for them by the mission.

We support several of our former orphanage and scholarship students to attend school or start businesses. From top left, Ro-severline receives her first year certificate, Wales and Carmene work in the lab, Stanley sorts pharmaceutical supplies. These students and many others are trusting God and working hard to become productive citizens who provide for their families and communities.

Stella

We request all who are interested in furthering their education to submit an application. Stella (left), one of our former orphanage kids, wrote, *"After I graduate, I have a project to build a clinic in my neighborhood... I will visit neighborhoods that do not have hospitals... I will offer help to sick people, especially pregnant women, and I will do this as God blesses me."*

Stella is an excellent and conscientious student, who is trusting God to guide and provide. Your donation to the House of Hope Haiti will help to bless her and will expand to reach many others with God's love and compassion.
